

Selene

[PAT.P.] BCJ-9100

FOR WOMEN

Sizes	Lift Capacity
XS	19 lbf. (=8.7kgf., =85N)
S	24 lbf. (=10.7kgf., =105N)
M	28 lbf. (=12.8kgf., =125N)
L	32 lbf. (=14.3kgf., =140N)

■ High chest strap

A high chest strap minimizes pressure on the chest area. If you don't need it, just remove it!

■ Shoulder strap width adjustment

New feature that allows the position of the shoulder belt behind the neck to be adjusted. Even ladies with narrow shoulders can be sure that the jacket will fit well and the load easier to bear.

■ Plush padded back pack

Thick, solid cushions are used for the back pads, achieving a comfortable fit.

■ High cut design

The side of the bladder has a high design to ensure smooth hip movement, for a more comfortable fit.

JACKETS

BCJ-9100B

Quick inflator unit for European
Available in Europe only

■ Advanced Weight Loading System (A.W.L.S.) (for female diver)

Now it's easy to load your weight pocket even after you put on your jacket. In the new design, the pocket is installed at an angle of 20 degrees which makes effortless load and release for female divers. Setting weight has become even easier than in conventional products. And also the weight cartridge is easy to release in an emergency, but the safety lock makes sure that it is not released accidentally.
