

Ceiba del Mar Beach & Spa Resort

RIVIERA MAYA

Just 20 minutes south of the Cancun Airport, Ceiba del Mar is set on its own privileged talcum-sand beachfront. The setting is especially secluded because unoccupied pristine beach extends beyond both sides of the property. The great Palancar Reef, second largest in the world, forms a natural breakwater offshore. Teeming with vivid tropical sea life, the reef offers spectacular snorkeling and scuba diving as if

it were an additional "private facility" of the hotel itself.

Our Unique Holistic and Aromatherapy SPA, offers the ideal refuge where you can enjoy your favorite massage or our exclusive Signature Treatments in a totally peaceful environment. Our staff combines ancestral Mayan and Aztec techniques with modern aromatherapy treatments to really harmonize your mind, body and soul.

SIGNATURE TREATMENT:

TOP'NIKTE massage. Relaxing massage of 50 minutes, followed by a body wrap cocoon type, with a plush of cotton soaked in an infusion of aromatic herbs.
