Instructions:

1. Using a carving knife, cut a circle around the stem end of the pumpkin. Use a spoon to scoop out the seeds and fibers from the pumpkin's center.
2. Print this stencil and tape it to your pumpkin.
3. Using a push pin, poke holes in the dotted outline of the stencil pattern onto your pumpkin.
4. Peel the paper stencil off.
5. Following the dotted lines you've made, carve your design into the pumpkin.
